### **Chapter 2: Send Attractive Kids Party Invitations**

If you are planning to buy invitation cards from outside, then visit your nearest market and find out some funny and attractive invitation cards out the available stock. As the invitation cards are for the Easter kids party, you must be little selective in your approach. You have to choose that card, which has Easter presence along with lot of emotion, fun, and decoration. Kids love cartoons printed on the cards.

You can even go for the personalized Easter kids' party invitation cards, which include your child's snap, along with name, age, address of the venue, and other party details. Some people order for these types of Easter kids party cards, and some prefer making it at their home. You can also involve your child by taking his or her help in the cutting, pasting, applying stickers, writing addresses, and coloring to these invitation cards. If you have decided to invite kids to the party by going to their place then there is no limit to the size and the partner of the invitation cards but if you need to post the invitation cards to any address, then you have to take care about the durability of the invitation card along with the standard size of it.

Many schools do not allow students to distribute Easter party invitation cards to only group of students (their friends) in the class as the other students feel left out. So, know all the rules and regulation of the schools, so that you can arrange your party well.

## *Kids Party – The Best Easter Surprise For Your Kids*

The most important thing about the Easter party invitation is that it must reach at least two weeks before the party date, so that the guests get sufficient time to organize all his work accordingly and can plan for the party. We all know that most of the people prefer to celebrate Easter with the kids and organize kids' party on Easter. So, it is important that your invitation reaches them first and they confirm their presence in the party. It will also help you organize your kids' party better. Always remember to request RSVPs by phone or email at least one week before the kids' party so that you can know the exact number of members coming for the kids' party. It will help you in organizing the party in the better way.

The Easter kids' party invitation card should present the following information:

- ✓ Party Occasion as Easter kids' party
- ✓ Easter kids' party host name and other personal details though which one can identify your kid
- ✓ Easter kids' party date along with the day, so that people can remember it
- ✓ Easter kids' party location (the complete correspondence address and the landmarks)
- ✓ Starting time and end time of the party
- ✓ RSVP deadline along with the contact number or email id, so that people can conform their presence before hand
- ✓ Party dress code, if any
- ✓ Easter kids party activities details

It is very important to include all these points in the invitation. Make sure that the parents must have gone through the party details. It can be

conformed by dropping them a call or conforming checklists at the time of RSVP conformation.

It is better to tell your child to share the party details with his friends, so that they can remember every thing. It will be very helpful at times when parents forget what to do next. Remember it is kids' party, and no one should fee as he or she is left alone due to any reason. If you plan any dress code or any important theme party and any of the kid guests is forget to follow the rules then you must have some pair of dresses to distribute and maintain the party environment healthy. Because it is the host who is sole responsible for the success of the Easter kids party.

Many parents feel as the drop up time and pick up time can be flexible, if it is so then there is no problem but if you are celebrating Easter kids' party outside of your home and you are bound to follow all the activities on schedule then it can be problematic. So, please emphasis on time if required.

If you want that the kids will come along with their parents then you must mentioned it on the invitation card and conform the number of heads during RSVP conformation.

Always send thank you notes after the party, so that everyone feels happy. You can buy or you can make one for yourself.
